MEMORANDUM FOR: Director of Medical Services

FROM : John F. Blake
Deputy Director for Administration

SUBJECT : [REDACTED] STATINTL

STATINTL

1. I have most thoughtfully considered the request of [REDACTED] to receive approval so that he may act as a psychiatric consultant to Prince George's County for the purpose of examining applicants for police department employment.

2. I must first state that I have conferred with both the Offices of General Counsel and the Inspector General on this matter. They interpose no official objection.

STATINTL

STATINTL

3. As a senior command officer of this Agency, I view my responsibilities somewhat differently than those of the General Counsel and the Inspector General. I am extremely mindful of allegations of the last eighteen months that the Central Intelligence Agency has exceeded its statutory charter by involving itself through local police departments in domestic activities. While it is possible I have been conditioned by these experiences, I do believe we should be aware of them and assess requests such as that of [REDACTED] within their context. It is, accordingly, my feeling and position that for [REDACTED] to establish this relationship it could be subjected to misinterpretation, either deliberately or otherwise, by third parties. If such were the case it would obviously reflect unfavorably on the Agency and, indeed, possibly on [REDACTED]

STATINTL

STATINTL

4. In no sense do I wish to appear arbitrary on this matter and am not pleased to arrive at my own conclusion. If you or [REDACTED] would like to personally discuss this matter in further depth, please feel free to contact me on the matter.

SUBJECT : Outside Activity

In following through on our discussion of 24 May 1976 in your office, here is the issue at question in the requested written form: are there any conflicts in my signing a contract with the Prince Georges County Government to deliver a remunerated service in which I will act as a psychiatric consultant, performing psychiatric examinations of applicants seeking employment with the County Police Department?

I am greatly appreciative of your kindness, counsel, and rapid action to aid me.

Please send a copy of your answer to Charles A. Bohrer, M.D., Director of Medical Services, too.
